ABOUT

Graduate of a Bachelor's degree programme in Computer Science. During my studies, internships, and personal projects, I gained experience in web development, mobile application development, as well as foundational knowledge in robotics and cryptology. My primary interest lies in UI/UX design, though I am open to a wide range of technical challenges. I am seeking my first professional role that will allow me to grow and expand my expertise.

EDUCATION

Pomeranian University in Słupsk | 2022 - 2026

Bachelor of Engineering - Computer Science

- Rector's Scholarship for academic excellence (3rd year).
